

Mobile Blood Donation Accomplishment Report for the Months of January to November 2016

I. EXECUTIVE SUMMARY

The National Voluntary Blood Services Program (NVBSP) through the BGHMC Blood Bank conducted 21 Mobile Blood Donation Drives with 346 successful whole blood collections from voluntary non-remunerated blood donors (VNRBD) and 206 VNRBDs as walk in donors at the BGHMC Blood Donor Room from January 2016 to November 2016.

In celebration of the World Blood Donor's Day held last June 14, 2016, a simple recognition rite was held to acknowledge and recognize the invaluable contribution of the hospital's thirty four (34) support group to the NVBSP. Certificates of recognition were distributed to the different support groups.

Up to date, the BGHMC-NVBSP has signed a Memorandum of Agreement with two institutions, namely the Department of Agriculture and The Church of Jesus Christ of the Latter Day Saints. It is stipulated in the MOA that a mobile blood collection shall be conducted in these institutions at least every three (3) months.
